

Product Specification Sheet

Waterproof and Breathable Cap

Product Model	8.0
Product Name	Waterproof and Breathable Cap
Installation Size	8.2
Product Features	
Air Permeability	2000ml/min/cm ² (Pressure Difference=70 mbar)
Water Pressure Resistance	≤90Kpa
Coating: Breathable Membrane/Backing Material	Expanded Polytetrafluoroethylene (Eptfe)/PET+PE
Breathable Membrane Feature	Hydrophobic
Plastic Part Material	PP
Rubber Part Material	TPE
Protection Grade	IP67
